Reasons to activate your student account...

Joining your university's 12Twenty platform will allow for you to be a part of a community of students at your university seeking a job or position. By leveraging data from previous graduates, you'll find 12Twenty invaluable with previous employment and compensation data, and offer trends. To report a job or job offer, go to your Jobs and Job Offers tab, where you can determine what kind of outcome you are reporting, and complete the applicable quick survey.
